Assignment –2:

Problem Statement

Display employee salary & DOB using pipes. Also, use multiple pipe on the same DOB element.

Add these functionalities to the same employee table created in assignment 1 of module 3, which displays employee table

Follow the steps below to build the application:

1. In the template (employee.component.html) file add currency pipe to the salary column of the employee table
2. Add a date pipe to the DOB column of employee table in month, day, year format
3. Use chaining pipes concept and add uppercase pipe to the DOB column of employee table
4. Make use of Bootstrap to design the application

After building the application, prepare a ZIP file of the application code and upload it on LMS in Assignment solution section for evaluation.
